Antalya, Türkiye

PRESIDENT'S WELCOME MESSAGE

Dear colleagues, friends,

I am pleased to invite you to the 23rd Symposium of the International Immunocompromised Host Society (ICHS) that will take place between **April 4-7, 2024 in Antalya, Türkiye.**

Together with renowned local and international experts the ICHS Program Committee has prepared a state-of-art scientific program that includes the most updated information about all aspects of infections and immunodeficiency. I am sure you all know that Symposia which have been organized by *the Society* since early 1980s have always provided a unique platform for both basic scientists and clinicians dealing with all aspects of immunocompromised host and 2024 Symposium will be no exception.

Attendees will also have the opportunity to learn the latest and pipeline developments in diagnosis and therapy derived from research of our corporate partners.

We promise you a superb scientific program during the Symposium which will enable the ICHS community to share experience, knowledge and to network.

Please mark your calendars for **4-7 April 2024** for the 23rd Symposium of the International Immunocompromised Host Society. And please check the Symposium website www.ichs2024.org and the Society website www.ichs.org for the updates. You can also follow us on Twitter [@ICHSGlobal](https://twitter.com/ICHSGlobal).

We look forward to welcoming you in Antalya!

Warmest regards,

Murat Akova, MD

ABSTRACT SUBMISSION

Please click the “BGS” Abstract Submission System for online abstract submission for Poster and Case Studies / Clinical Grand Rounds Presentations:

Online
Abstract Submission

- Detailed information is provided in the system. If assistance needed, please send an e-mail to ichs@serenas.com.tr
- Please carefully read the instructions before submitting your abstract through the online submission module “BGS” system.
- Once you sign up, you can also continue working on abstract until you finally decide to submit before the deadline.
- This is an automated system that will allow you to put the information online for the authors, affiliations, abstract text (if required with special characters etc.) and keywords in a series of different window.
- You can track the whole submission and evaluation procedure either within the system or by e-mail notification.
- In case of submitting more than one abstract you can use the same login and password for each abstract via online submission module.

Instructions for Online Poster and (*) Case Studies / Clinical Grand Rounds Presentations

-All Abstracts should be submitted in English only. Abstracts submitted by e-mail, fax or post will NOT be accepted.

The abstracts should be structured as follows: Background, Method, Results, Conclusion.

- The abstracts for poster presentations and case studies / clinical grand rounds should be submitted until December 20, 2023.

- All submitted abstracts will be reviewed by the Evaluation Committee. Notification will be sent to the presenting authors on January 08, 2024.

(*) Cases selected for this section will be presented orally in the Grand Rounds during the symposium.

The presenting authors must register for the Symposium and present their poster onsite.

For the meeting registration, please visit the online registration and accommodation system section in the meeting official web page. If not, their presentation will be not allowed in the meeting scientific program and not printed in the Program and Abstract Book.

Awards:

A limited number of awards will be offered to fellows and early career scientists with accepted abstracts. Those who wish to be considered in this category should select the respective box when submitting an abstract in the abstract submission system.

The award will cover the 3-day full-board accommodation and the registration fee for the Symposium, but not travel expenses.
